

GET /invitations/{invitationId}

Returns a list of members in an invitation list. Any member who is not in the invitation list will not be allowed to participate in this target group. An invitation is not a guaranteed qualification. There may be additional screening criteria and quotas that must be met by the member.

Endpoint Path

GET /invitations/{invitationId}

Authentication

This endpoint requires [Authentication](#).

Response Type

[Item Response](#) of the resource type [Invitations](#).

Request Parameters

No parameters have been defined for this request
